V. Environmental Health Program Update

A. Sewage Rules Update

Mr. Lang reported that he and Mr. Weisdack recently provided testimony against the new sewage rules. He stated that there were approximately 100 people in attendance to give testimony. The Public Health Council did not make a decision regarding the rules. They will be having a special meeting later in the month to decide whether or not to adopt the rules or send them back to the committee.

Mr. Weisdack reported that he received an email from the Association of Ohio Health Commissioners earlier in the day showing some changes to the rules that were a result of some of the testimony provided.
VI. Personal Health Services Update

Flu is reported as widespread in Ohio. Tests indicate that it was the California and Shanghai strain which was covered by this year’s vaccine. Mrs. Scherer reported that they are still administering flu shots.

Mrs. Scherer stated that the Health District has been notified by the State that the National Incident Management System (NIMS) has sent down requirements that all employees must be trained in the NIMS system. There are different levels of training being required for supervisor, directors and health commissioners. The training must be complete by September 30, 2006.

The Health District is continuing to give the Menactra vaccine (Meningitis vaccine). The CDC is recommending giving the vaccine to 11-13 year olds and 15 and 16 year olds.
