He also explained that he is working with the Fiscal Coordinator to make each fund consistent with the line-item delineations. Mr. Litke answered other questions regarding the budget.

V. Welcome Dr. Patricia Levan

Mr. Gragg welcomed Dr. Levan to the Board. Dr. Levan stated she was looking forward to working with the Board.

Each employee was given an updated job description, which contains the public health competencies. The job descriptions will be used in conjunction with the new performance evaluation process. Dr. Wyers sent out an
employee satisfaction survey. Once she compiles the results, they will be shared with the Board and the staff. In the meantime, management is working on some employee morale ideas.

VIII. Executive Session

Mrs. Whitright moved to adjourn for Executive Session at 5:24 p.m. to discuss compensation of personnel, pending litigation and real property. Mr. Piraino seconded the motion. Motion carried with a roll call vote. Mr. Gragg, yes; Mrs. Whitright, yes; Mr. Piraino, yes; Ms. Yeaglin, yes; and Dr. Levan, yes. The meeting reconvened at 7:05 p.m.

IX. Environmental Health Program Update

Mr. Sage and Mr. Gragg went to Columbus recently to meet with representatives of the Ohio Department of Agriculture to discuss the recent food program survey results. ODA was glad to see that the health district has corrected some of the past issues and has a plan to move forward.

We received the results of the recent survey conducted by the Ohio Department of Health. Due to some issues, the health district is on provisional approval. Mr. Sage will be writing an action plan to address areas that need improvement. Some of the issues were due to a misunderstanding of a section of the code and the lack of policies and procedures that should have been in place for many years.

X. Health and Wellness

Dr. Wyers reported that the EPI has been hired that the health district will contract for with Lake County. She is an LPN and will begin in January covering our communicable disease surveillance cases that Tammy Spencer has been covering.

The PHEP and Get Vaccinated Ohio grants are on track. There are many deliverables due by the end of the month.

An Amish Well Child clinic has been scheduled for January 2019. A fee of $20.00 per child will be charged to help augment the funding that UH has provided. The location has not been determined. Because the children are uninsured or under-insured, we can use the vaccine ODH supplies.
